

27 Watt Daylight Ioniser Desk Lamp

Main Features:

- Daylight full spectrum 27 Watt bulb
- Two speed built-in Ioniser function
- Easy to adjust flexible arm
- Ambient Low light sensor
- Modern compact design, available in 2 colours
- Simple to operate functions
- Adjustable lamp head to direct the light exactly where desired

Product Benefits:

- Full spectrum lighting provides better colour rendition and higher contrast for working, reading and general tasks
- Negative ion generator helps eliminate bad smells, smoke and airborne organisms such as germs, bacteria and viruses
- Low light sensor automatically indicates when use of the lamp is necessary to avoid fatigue

Applications:

- Ideal lighting in the home or office for all working and reading tasks
- Ionising function to clear the air in stuffy, crowded, smokey or confined areas with airborne germs
- Convenient additional light source in any room

CE Approved
24 Months Warranty
Voltage: 220-240V
